EXPERIENCE

REACT NATIVE DEVELOPER | DIPEAT.COM | DEC 2023-PRESENT

- Specializing in state management with Redux.
- Proficient in integrating Google APIs for location-based services in the development of a restaurant app.
- Experienced in utilizing Swagger for comprehensive API documentation and Postman for efficient API testing.
- Actively contributing to the enhancement of mobile app development skills in a real-world environment.

FULL STACK INTERN | VARCONS TECHNOLOGY Pvt Ltd | SEPT 2023

- Developed a restaurant website using HTML, CSS, JavaScript, and Bootstrap, featuring a newsletter subscription and reservation system.
- Designed and implemented the user interface for a responsive and visually appealing website.
- Developed a reservation system with online booking functionality using JavaScript.
- <https://blackbear69420.github.io/restaurant-web-2/> - website link

PROJECTS

Home Automation System

- Configured Node MCU ESP8266 and programmed Arduino microcontroller to interface with sensors and actuators, enabling real-time device control through a user-friendly Blynk app interface.

My Portfolio Website

- Designed and developed a portfolio website using HTML, CSS and JavaScript displaying my portfolio.

Library Management system

- Designed and developed a user-friendly Library Management System website using HTML, CSS, JavaScript, and MySQL to streamline book and author management while efficiently tracking borrower records.
- Implemented an intuitive web interface for librarians to add, edit, and manage books and authors, and for users to check the availability of books, making the borrowing process seamless and efficient.

Bike Rental App

- Developed a comprehensive Android bike rental app using Android Studio, offering a user-admin system, bike location services, and condition tracking for seamless bike borrowing and lending.

ACHIEVEMENTS

- **Runner up of Inferno event organized at the College Fest.**

TECHNICAL SKILLS

- **Full stack Development**
 - **HTML5**
 - **CSS**
 - **JavaScript**
 - **Firebase**
 - **MySQL**
 - **React**
 - **Node.js**
 - **Git**
 - **Postman**
- **Known Programming Languages**
 - **Java**
 - **JavaScript**
 - **C programming**
 - **C++**
- **Soft skills**
 - **Articulate**
 - **Adaptability**
 - **Multi-lingual**
 - **Resilience**
 - **Collaborative**
 - **Proficient**
 - **Prompt**
